

Personal information:

Name: Nasser Mohammed Sharahili

Nationality: Saudi

Country: Saudi Arabia

Mobile number: 0554250826

Office: building#5, floor4, spine office#4266-WS13

Email address: Nasser.sharahili@kaust.edu.sa

Qualification:

Bachelor degree from KSU in 2014. Currently, I'm pursuing master degree at KAUST.

Work Experience:

- ❖ I have been working for Saudi Basic Industrial company "SABIC" since 2014.
- ❖ I have worked on many projects and technical support for polystyrene large scale up.
- ❖ I have experience on polystyrene production from small scale up to large scale plant.
- ❖ I have three and half years of experience about free radical polymerization mechanism of making Expandable Polystyrene which is well known globally as Styrofoam. Its main applications are building construction as fire proof insulation and food packaging.

Research interest:

Currently, I'm interested to experience many monomers via controlled and living radical polymerization in solution, emulsion and suspension.
